ICI 2015

Tel- Aviv, Israel

Endorsed By:

CARDIOVASCULAR RESEARCH FOUNDATION

At the heart of innovation
ICI Professional Exhibitors and Sponsors

Parallel to the meeting a professional and commercial exhibition is held with 80 exhibitors and startup companies from around the world.

Among them are leading companies as:

- **Diamond Sponsor**
- **Platinum Sponsor**
- **Gold Sponsor**
- **Silver Sponsor**
- **Bronze Sponsor**

**Exhibitors**

- AstraZeneca
- Balton
- Bendit
- RX Metrix
- Cerebral
- Lilly
- Sandoz
- MSD
- NIV
- Pfizer
- Rafa
- Sanofi
- Singer
- STI
- VVT Medical
- Tetra Sense
- Bose
- Trendlines Medical
- Thera
db
- Bayer

**Sponsors**

- Lifetech
- Genoe
- Shockwave
- Udcan
- Gil
- Celo Nova
- Abiomax
- Dinova
- DiNovA
- ABB
- AliMed
- Claret
- Claravit
- Medical
- EY
- Keystone Heart
- HistArt
- Mitralign
- Cardiatis
- Intermed

**Gold Sponsors**

- Abbott
- Johnson & Johnson
- Siemens Healthcare

**Silver Sponsors**

- Philips
- Medtronic
- MedTechica
- OrbiMed
- Keystone Heart
- Claret
- Claravit
- Cardiatis
- Intermed
Plan to join us at the ICI Meeting 2015

This year we celebrate 20 years of ICI Innovation! It is with great pleasure that we invite you to be a part of the ICI Meeting 2015, the premier International Conference on Innovations in Cardiovascular Interventions (Heart, Brain and Peripheral Vessels) and High-Tech Life Science Industry. ICI aims to explore, fuel, spark and facilitate innovations that will shape the future of our cardiovascular systems and BEYOND. Over the last 2 decades, Israel has turned into a medical start up nation, and ICI has contributed to this process by facilitating global interaction between physicians, entrepreneurs, academia and industry and building bridges leading to innovation.

The route of the ICI meeting takes you through the process of innovation – starting from the ICI Academy of Innovation where we learn and exercise how to innovate, we then continue to a 2 day conference focusing on advanced technologies to save hearts and lives. We challenge the horizons in coronary interventions, vascular interventions, trans catheter valvular therapies, stroke prevention/intervention, electrophysiology, cell therapy and heart failure. This year, more than ever, we dedicate a special track to Digital Health, Mobile Solutions and the Cellular Revolution.

We invite you - Physicians, Nurses, Technicians, Researchers, Entrepreneurs, Investors, Engineers, Venture Capital Firms, Private Equity Firms, Patent Experts, Pharmaceutical Companies, and Medical Device Companies - to join us at ICI 2015. We are certain that the meeting will open to you a better understanding of the unmet needs and frontiers in the various disciplines of the world of cardiovascular systems innovation.

Rafi Beyar and Chaim Lotan, Meeting Directors

On behalf of the Organizing Committee

Committee Members

Co-Directors

- Yaron Almagor
- Gad Keren
- Yuval Binur
- Ran Kornowski
- Peter Fitzgerald
- Martin Leon

Organizing Committee

- Haim Danenberg
- David Luria
- Ariel Finkelstein
- Aviv Lotan
- Uri Geiger
- Kenneth Rosenfield
- Michael R. Jaff
- Amit Segev
- Roni Karmeli
- Giora Weisz
- Amir Lerman
Scientific Committee

- Shmuel Banai
- Jonathan Leor
- Ronen Beeri
- Eli Lev
- Gil Bolotin
- Marie-Claude Morice
- Alessandro Santo Bortone
- Eugenia Nikolsky
- Daniel Burkhoff
- Oz Shapira
- Moshe Flugelman
- Gregg Stone
- Lior Gepstein
- William Wijns
- Michael Glikson

ICI Delegates Geographical Spared

(1,400 Attendees)

- Mediterranean - 49.50%
  Cyprus, Greece, Israel, Turkey
- North America - 10.59%
  Canada, USA
- Europe - 27.72%
  Austria, Belarus, Belgium, Croatia, Czech Republic, Finland, France, Georgia, Germany, Greenland, Hungary, Ireland, Italy, Latvia, Lithuania, Macedonia, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland
- Asia - 8.20%
  China, India, Indonesia, Japan, Kazakhstan, Singapore, Vietnam
- Others - 3.99%
  Australia, South Africa, South America

ICI Delegates Professional Fields:

- Biomedical Engineering
- Internal Medicine
- Medical Device
- Interventional Cardiologist
- Business Development
- Venture Capital
- Cardiac Electrophysiology
- Radiologists
- Cardiology & Cardiac Surgery
- Nurse
- Neurosurgery
- Digital Health
ICI Technology Parade

The heart of the ICI conference is the Strong International Collaboration between Medicine and Industry with an emphasis on technological developments, novel knowledge-rich technologies, and the diligent pursuit of solutions to yet unsolved problems in heart, brain and cardiovascular medicine.

Focused on innovation the ICI provides an extensive platform for startup companies presenting their latest technologies. The Technology Parade can be a jumping board for new companies with brilliant and creative new ideas.

From all perspectives, Israel is known as a pioneer in cardiology. With this, for the first time at the conference, the IEICI is featuring a Pavilion for Israeli Industry slated to be a unique platform at the forefront of medical device development, healthcare information technology and mobile health, a tremendously important business showcase for Israeli company achievements.

The pavilion will also help plan One-on-One business meetings among prominent entrepreneurs, developers, manufacturers and potential partners with the objectives of advancing strategic partnerships and promoting investments.

This is the opportunity to help your business move “from idea to reality”.

The technology parade Sessions enjoys a tremendous success in every meeting, attracting a wide variety of leading clinicians, scientists and corporate representatives. We are expecting the attendance of a wide spectrum of investors who will find the ICI Meeting a valuable forum for the development and advancement of innovative ideas in Cardiology.

ICI Innovation Awards

The ICI Innovation Award is one of the world’s most significant and prestigious award for Medical Interventions Startups.

The ICI Innovation Award offers Medical Interventions Startups the opportunity to obtain critical peer review and feedback from a world-class panel of clinical and commercial experts. The finalists will have the opportunity to meet the experts face-to-face, and have to prove the merit of their idea – and in the process receive valuable advice and guidance – an opportunity that money really cannot buy.

This year’s Innovation Awards’ Judges are once more looking for brilliant new ideas and start-up businesses that have the potential to transform patient lives.

Main Conference Topics

- TAVR
- Personalized Medicine
- Stents- Coating, Eluting and Beyond
- Connected Health
- Electrophysiology
- Complex Cases
- Stroke
- Brain Protection
- Technology Parade
- Drug Eluting Balloons
- Mitral Repair or Replacement
- Renal Denervation /Sympathetic Modulation
- Funding
- Peripheral Intervention
- Carotid Interventions
- Acute Coronary Syndrome Interventions
- Biodegradable Scaffolds
- Heart Failure
- Imaging and Physiology in the Cath Lab
- Structural Heart Disease
- Device Innovation
- The Cath Lab of the Future
- Cell and Gene Therapy
- Regulatory Aspect in New Devices
**Sponsorship and Exhibition**

*We invite you to take this unique opportunity to easily and effectively reach hundreds of the world’s leading international medical professionals.*

**For more information, please contact:**
Yael Ziv - Project Manager – Industry Liaison
Dan Knassim Ltd.
Tel\Fax: +972-3-5767706
Email: Yziv@paragong.com

*For further details, abstract submission, early bird registration, sponsorship and exhibition details and more you are welcome to visit the Meeting’s [website](http://www.icimeeting.com)*

**Scientific program and registration**

Submit a scientific abstract and you might be an ICI 2015 speaker, the deadline for Abstract Submission is: **August 2nd, 2015.**

*For more information, please contact: [secretariat@icimeeting.com](mailto:secretariat@icimeeting.com)*
